RISK ASSESSMENT FORM

FOR TRADERS ONLY

KEY LIKLIHOOD OF RISK OCCURANCE – HIGH, MEDIUM OR LOW

Under the Health & Safety at Work Act (1999) all trade stand operators are required to produce a Risk Assessment for all activities including set up, operating the stand during the event, dismantling and removal from site afterwards.

This also includes the provision of oil spill granules by vehicle clubs for all show vehicles. Removal of waste and contaminated material to the site skip is the responsibility of the trade stand operators and club members. **Public Liability Insurance is compulsory and valid certificates must be produced upon request.**
